THOMPSON & LITTON  
*Over fifty years of integrity, insight and innovation.*

## Engineering Services

### CIVIL & ENVIRONMENTAL ENGINEERING

For more than 50 years, Thompson & Litton's civil engineering division has helped its clients with some of their most important responsibilities; like providing safe and clean drinking water, providing wastewater treatment options, land-fill designs, earth and concrete dam inspections and designing modern, safe highways with an emphasis on being environmentally responsible.

#### T&L Engineering Services include:

- Site Selection & Preparation

- Water and Sewerage Lines
- Road and Drainage
- Parking Facilities
- Solid Waste Management Facilities
- Environmental Assessment & Impact Studies
- Flood/Dam Structures
- Subdivision Planning and Design
- Right-of-Way Easement Acquisition

- Underground Storage Tank Studies and Remediation
- Land Use Studies
- Value Engineering
- Consultation regarding studies and design performed by others.

### TRANSPORTATION ENGINEERING

Offering Transportation related planning, acquisition Technical Memoranda, studies, design, inspection, survey, ROW acquisition and Utility Relocation services, T&L has a solid history in the Transportation market sector.

#### Services include:

- Planning (Corridor) Studies
- Surveying and Roadway Design
- Right-of-Way Acquisition
- Construction Staking

## Surveying Services

### SURVEYING

Thompson & Litton maintains two fully staffed surveying offices along with a complement of state-of-the-art equipment necessary for surveying from the mountainous regions of the Appalachians to the lower lying Tidewater terrain. While offering a full spectrum of support for all surveying needs, we have specific expertise in the transportation, telecommunications and energy industries. Our multiple locations and dedicated, experienced

personnel ensure that our clients receive timely, comprehensive and cost-effective surveying for any Mid-Atlantic area project, large or small.

#### Services Include:

- GPS Surveys
- Construction
- Surveying and Layouts
- Topographic Surveys
- Property Surveys
- Utility Surveys
- Highway Surveys

## Architecture

### ARCHITECTURAL DESIGN

Many of our projects have enhanced the aesthetic, cultural, and functional aspects of towns and neighborhoods. T&L's architectural portfolio reflects flexibility with designs that preserve the past while defining the future.

#### Services Include:

- New Construction
- Additions to existing structures
- Renovation of existing structures
- Adaptive Reuse of existing structures
- Handicapped Accessibility
- Energy Efficiency Analyses
- Building Condition Surveys

- Code Compliance
- A/E Preplanning Studies
- A/E Programming
- Space Planning & Utilization Studies
- A/E Cost Estimating
- Asbestos Inspection and Abatement Design
- Rendering and 3-D Modeling

### CONSTRUCTION CONTRACT ADMINISTRATION

- Pre-Bid Estimates
- Bid Opening
- Review of Bids Received
- Recommendation of Award
- Pre-Construction Conference
- Review of Contractor Pay Requests and Change Orders

- Resolution of Contractor Questions and Inquiries
- Supervision of the Resident Project Representative
